

Your Prescription – Your Choice

Dear Patient,

Please be aware that you have the right to collect medicines prescribed for you FROM ANY PHARMACY you choose.

Your choice should not be influenced by any pharmacist, doctor or letters you receive in the post. You can change your choice at any time and even if you have nominated a pharmacy you can still collect a prescription and have it dispensed at any pharmacy you wish. You are not bound to any pharmacy and should never be made to feel you are.

All pharmacies have an obligation to explain the nomination process prior to asking you for a signature of consent. This must be transparent and unbiased.

If you have any queries please feel free to speak to the practice directly via reception

Bidford Health Centre is committed to working in our patients best interests.
